1. Read the essentials

1. #welcome: what SCP Metaverse is.
2. #charter: how the community and the universe are governed.
3. #rules: the Community Rules. The Roleplay Rules and Disciplinary Code apply too.

2. Link your accounts

[FLOW: decided with the verification work in SCPM-5 and SCPM-6]

1. Link your Discord account to your Roblox account [WHERE: a /verify command or the website].
2. You get the Unregistered role. Your Roblox character carries the same status, and later your clearance if you join the Foundation.

3. Pick who you are

Everyone starts Unregistered. From there:

PATH	WHAT YOU DO
Stay Unregistered	Live outside the Registry, in the zones' margins or the ruins. Free, and unprotected.
Register as a Citizen	Register at the Registry Office (#registry-office). Live in the zones under Foundation protection and civil law.
Apply to the Foundation	As a Citizen, apply at the Application Centre to join a department (Foundation Directive 004).
Class-D	Open at once. Take part in tests, survive, maybe escape.
Chaos Insurgency	Work against Foundation rule. Usually reached through the story.

4. Your first shift

1. Join a scene in #site-02-comms or play the Site-02 place in Roblox.
2. Introduce your character briefly, in character.

3. Follow the Roleplay Rules: no metagaming, no powergaming, consent for serious outcomes.

5. Moving up

Clearance and rank are earned by playing, under the Promotion and Transfer Policy. Writing a file for the Foundation Archive is one of the best ways to get noticed.

6. Getting help

Ask in #general, or message a Moderator. Game Masters can help with roleplay questions during events.
