Site-02 Charter

Site-02 is the Foundation's primary research and containment site, north-east of Site-01. It holds anomalies of every class, runs most of the Foundation's testing, and writes most of its files. It was designated Site-19 until the Foundation's sites were renumbered. This charter declares the site, its functions and posts, and the directives and rules that hold within it, under Foundation Directive 006.

2. Functions

1. Contains anomalies of every object class.
2. Runs the Foundation's testing and interviews and writes most of its anomaly files.
3. Houses the D-Block for Class-D personnel assigned to testing.
4. Base of the Mobile Task Force unit stationed for breach response.

3. Positions

The Site Director must be a member of Site-01 personnel and may also head a department. They have no authority at any other site, and may not enter one without its Site Clearance. A Site-01 officer who directs no site, and whose Site-01 clearance is at least the director level, has the same authority here as the Site Director (Directive 006).

4. Zones

ZONE	HOLDS	MINIMUM SITE CLEARANCE
Entrance Zone	Reception, offices, the briefing room	None
Light Containment Zone	Safe-class anomalies, test chambers, the D-Block	Level 1

Heavy Containment Zone	Euclid and Keter-class anomalies	Level 3
Security Wing	Armoury, control room, cells	Level 2 for Security; Level 3 otherwise
Command Level	Site Director's office, communications	Level 4

Doors and checkpoints enforce these levels. In Roblox, the server reads each player's clearance for this site and opens only the doors it allows.

5. Site directives

Standing directives of Site-02, numbered SD-02. Site Orders issued by the Site Director are numbered ORD-S02-000 and add to them.

1. **SD-02-1.** No test runs without a written proposal approved by the lead researcher (Scientific Department Handbook).
2. **SD-02-2.** Every alarm above Green is posted to #site-02 and recorded in an Incident Report once it ends.
3. **SD-02-3.** Visiting personnel report to the Entrance Zone and are escorted by Security until the Site Director clears them.

6. Alarms

CONDITION	MEANING	WHO DECLARES IT	WHAT HAPPENS
Green	Normal operations	Site Director	Normal duties
Yellow	Elevated risk: an anomaly behaving abnormally, a lost signal	Any Level 3 member	Testing paused in the zone; Security alerted
Orange	Containment breach in one zone	Security Chief or Site Director	Zone sealed; non-essential personnel evacuate; MTF on standby
Red	Breach in more than one zone, or a Keter-class breach	Site Director	Site lockdown; MTF deployed; all personnel to assigned positions
Black	Loss of the site is possible	O5 Council, or the Site Director when cut off	Evacuation and the O5 Council's standing orders

At Orange and above, personnel move by class: Class A and B evacuate off site, Class C shelter in lockdown areas or follow Security, Class D Citizens shelter as Civil Administration directs and Class-D personnel are held in the D-Block or escorted out, Class E are directed out of the zone, Class F are held by Security, and anyone in quarantine stays there. Every site uses these conditions.

7. Special rules

1. No one works alone in the Heavy Containment Zone.
2. Class-D personnel leave the D-Block only under Security escort.
3. When the Site Director cannot act, command passes to the Security Chief, then the Director of Research, then the Chief Medical Officer, then the most senior member present.
4. Anomaly files written at Site-02 name the site as their author unit.

8. Authority

This charter is issued under Foundation Directive 006. It gives way to the Foundation Charter and to O5 Directives; Site Orders give way to it. It is amended only by the O5 Council.
