Site-05 Charter

Site-05 is the Foundation's works, east of Site-01. It turns raw resources from the Wasteland into the parts every site is built from: walls, doors, cable and containment materials, and it repairs what other sites send back. This charter declares the site, its functions and posts, and the directives and rules that hold within it, under Foundation Directive 006.

3. **SD-05-3.** Raw resources are signed for at the Yard by the Dispatch Officer.

6. Special rules

1. Foundation parts are never sold or given outside the Foundation without a Site Director's order.
2. Containment materials leave only for a named site and a named order.
